

I want to commend Mr. HINOJOSA, who is the chairman of our subcommittee, and urge that this legislation be passed.

First of all, Mr. Speaker, I want to commend the leadership in both the House and the Senate for this outstanding legislation. This bill recognizes the fact that without investment, there is no return. And it is indeed a strong investment in the future of America. It expands access and makes higher education more accessible for all. It increases the Pell grant maximum to \$4,800 next year and to \$5,400 by 2012. It cuts interest rates, provides upfront tuition for students who agree to teach in high-need public schools, provides loan forgiveness for some public employees and, Mr. Speaker, I am especially pleased that it recognizes the unique needs of primarily minority serving institutions like Hispanic-serving Historically Black Colleges and Universities, Native American, Pacific American, Asian American and Predominately Black Institutions in which I took a particular interest. Importantly, it includes \$510 million for these minority-serving institutions and \$30 million for PBIs specifically.

Again, Mr. Speaker, I want to commend the leadership in both the House for this great work and especially subcommittee Chairman HINOJOSA for his strong positions on the needs of minority students and primarily minority serving institutions.

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, we reiterate that the process by which this conference report was composed was not fair. And it, in effect, violated the promises made by the other side of the aisle very recently, very recently made and reiterated. The process was profoundly unfair. I stressed that in my previous remarks, and I reiterate it now.

In addition, we've heard from the distinguished ranking member with regard to grave concerns by many of those who have been working on this issue, such as Mr. McKEON, for many years.

So for those reasons, Mr. Speaker, we oppose this rule and would urge a "no" vote on the rule.

Mr. Speaker, I yield back the balance of my time.

Ms. SUTTON. Mr. Speaker, the Congress has an obligation to address the needs of the American people, and to work with them to address the pressing problems that they face.

Today, we take a great step towards regaining the faith of the American people as we pass the College Cost Reduction Act to provide hundreds of thousands of American families with the opportunity to create a better life for their children. I am proud to be a part of that effort.

The College Cost Reduction Act is a fiscally responsible bill which makes the single largest investment in college aid since the GI Bill, which, as we all know, provided our Greatest Generation with the opportunity to create the Nation we know today.

This legislation invests over \$20 billion in student aid, and does so with no additional cost to the taxpayers.

Before I close, Mr. Speaker, I want to again applaud the extraordinary lead-

ership of Chairman GEORGE MILLER in making college affordability a top priority.

□ 1045

Under his guidance, all of the members of the Education and Labor Committee have crafted a good bill that works for our families and our country.

Mr. Speaker, I urge all of my colleagues to vote for this investment in our children, in our economy and in our future, to keep faith with the American people, and to send a clear message that the American Dream is not a relic of the past, but a cornerstone of our future.

I urge a "yes" vote on the previous question and on the rule.

Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.
